## OBJECTIVE

Skilled in MERN Stack and team leadership, I advanced from Trainee Developer at Ippopay Technologies to Team Head at Monter Smart Drive Pvt. Ltd. Demonstrating strong problem-solving abilities and technical expertise, I led projects to successful delivery, mentoring junior developers and enhancing team efficiency.

## EXPERIENCE

### Trainee Developer

July 2023 - October 2023

Ippopay Technologies

I have been working as a trainee developer, gaining hands-on experience with the MERN stack (MongoDB, Express.js, React, and Node.js). During this time, I have developed a strong foundation in building dynamic, full-stack web applications, working with both front-end and back-end technologies. I have enhanced my skills in JavaScript, API development, database management, and the integration of various technologies to create responsive and efficient user interfaces.

### Junior Software Developer

November 2023 - Currently working

Monter Smart Drive Pvt. Ltd

I have been working as a Junior Full Stack Web Developer specializing in the MERN stack (MongoDB, Express.js, React, Node.js), where I have gained extensive experience in both front-end and back-end development. I have contributed to building dynamic web applications, developing APIs, and ensuring smooth integration of the various components of the MERN stack. In September 2024, I was promoted to Team Head, taking on additional responsibilities including leading a development team, mentoring junior developers, overseeing project timelines, and collaborating closely with stakeholders to ensure the successful delivery of projects. This promotion reflects my growth in technical expertise, leadership abilities, and commitment to driving team success.
